

22ND INTERNATIONAL SOCIETY FOR MUSIC INFORMATION RETRIEVAL CONFERENCE

CALL FOR MUSIC

ISMIR 2021 invites submissions of music works for the concert program during the conference week. Like the conference, the concert will be held in an online format. The call is open to all **composers, technologists, and performers** for inclusion in the conference's concert program.

THEMES

This year, music from any genre and in any format is invited for submission. However, to make it a good fit for an online format and make it more interesting, we propose three themes that participants are encouraged to explore:

NETWORKED ENSEMBLE

Participants form teams to record ensemble performances.

CREATIVE VISUALS FOR MUSIC

Apply creative visual effects to accompany the music.

LIVE PERFORMANCE

Using specialized audio streaming software.

CONCERT

The concert will be held in different sessions as live online streamings. Live comments will be enabled to encourage interactions. For the broadcast of pre-recorded videos, performers are expected to be present to interact with audiences in the live chat window.

IMPORTANT DATES

ANYWHERE ON EARTH (AOE)

Submission Deadline	September 8, 2021
Notification of Acceptance	October 10, 2021
