

22ND INTERNATIONAL SOCIETY FOR MUSIC INFORMATION RETRIEVAL CONFERENCE

CALL FOR PAPERS

The International Society for Music Information Retrieval (ISMIR) annual conference is the world's leading research forum on processing, analyzing, searching, organizing, and accessing music-related data. The 22nd ISMIR conference welcomes contributions related to any aspect of Music Information Retrieval (MIR), including foundations and theories for music processing, evaluation algorithms, applications, and analysis.

★ SPECIAL CALL FOR PAPERS: CULTURAL DIVERSITY IN MIR ★

Music is often considered a universal language, yet different cultures have created diverse music traditions and colorful artifacts. To promote the cultural diversity of both MIR research and the ISMIR community, we are proud to announce a special call for papers on Cultural Diversity in MIR. Papers that investigate any topics listed in the Topics of Interest section (see below) and beyond, focusing on non-Western music or cross-cultural studies, are welcome to submit to this themed track.

TOPICS OF INTEREST

ISMIR 2021 welcomes full-paper contributions to any aspect of MIR.

Relevant topics include, but are not limited to:

- MIR Fundamentals and Methodology
- Domain knowledge
- Musical features and properties
